REMARKS

In the Office Action of May 17, 2004, it has been indicated, and the Applicant acknowledges, that claims 1-73 remain pending.

The Applicant wishes to express appreciation for the timeliness of the Official Office Action.

Turning to the reason for this amendment, a portion of the original drawings are indicated as being unacceptable in that Figures 5a, 5b, 6a, 6b, 10, 11a and 11b have a line quality that is too light to be reproduced or text that is illegible. The Applicants have revised Figures 5a, 5b, 6a, 6b, 10, 11a and 11b to rectify this matter. Applicants submit herewith the revised Figures 5a, 5b, 6a, 6b, 10, 11a and 11b. No new subject matter has been added via the amendments to the drawings presented along with this paper.

In view of the foregoing remarks, Applicants submit that the present application is in condition for examination on the merits, Applicants therefore request that this application proceed to prosecution. Please contact the undersigned should additional information be required.

Respectfully submitted,
JOSEPH S. STAM ET AL.
